Version 1.3.1

1. Changes Impacting All Current Users

Improved name search

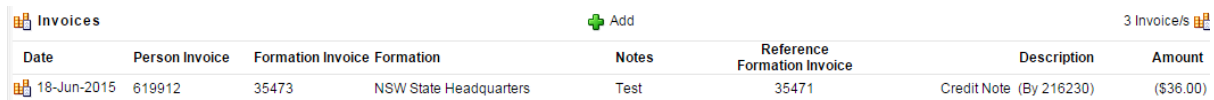

Member name search has been improved so that one can now search for member using either their first or preferred names (providing a preferred name has been provided). The use of the * when searching for a member using their full names (First / Preferred name + Last name) is no longer necessary.

Please note, you still need to use* when using a fragment of a name to search, as well as Formation searches.

Credit Notes

A separate template for credit notes has now been loaded. For those reprinting a credit note or invoice, the correct template is now available by default.

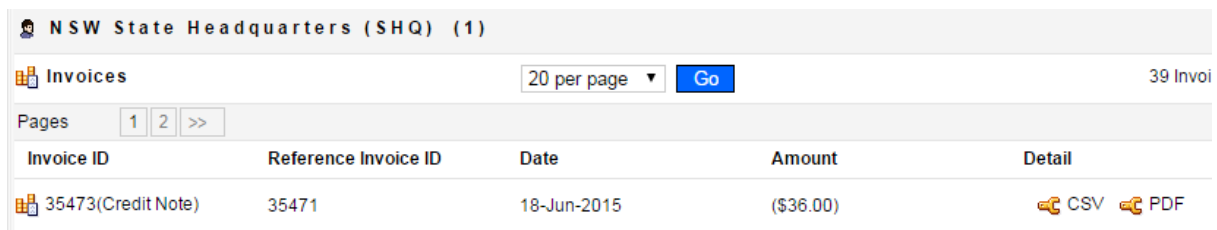

When looking at the 'Invoice' tab in a member record, the columns have been renamed and now, in the case of credit notes, include the original invoice number as well as a section with notes related to the credit note.

The screenshot shows a table titled 'Invoices' with a '+ Add' button and '3 Invoices' indicator. The table has columns: Date, Person Invoice, Formation Invoice, Formation, Notes, Reference Formation Invoice, Description, and Amount. A single row is visible with the following data: 18-Jun-2015, 619912, 35473, NSW State Headquarters, Test, 35471, Credit Note (By 216230), (\$36.00).

Date	Person Invoice	Formation Invoice	Formation	Notes	Reference Formation Invoice	Description	Amount
18-Jun-2015	619912	35473	NSW State Headquarters	Test	35471	Credit Note (By 216230)	(\$36.00)

The 'Invoice' tab in the Formation page has also been updated to reflect the details of any credit notes raised.

The screenshot shows the 'Invoices' tab for 'NSW State Headquarters (SHQ) (1)'. It includes a '20 per page' dropdown and a 'Go' button, with '39 Invoices' shown. Below is a table with columns: Invoice ID, Reference Invoice ID, Date, Amount, and Detail. A row is shown for Invoice ID 35473 (Credit Note), Reference Invoice ID 35471, Date 18-Jun-2015, Amount (\$36.00), and Detail with CSV and PDF download icons.

Invoice ID	Reference Invoice ID	Date	Amount	Detail
35473(Credit Note)	35471	18-Jun-2015	(\$36.00)	CSV PDF

Credit notes have also been updated so that the original invoice number is imported into the credit note itself.

Rover Invoices – Logic change

The logic in the setup of Rovers as Rover Crew and Rover Crew (Group) has been updated so that Rovers are treated the same as other sections for Invoicing. Instead of receiving two invoices (one for each Crew and Group), all Rovers will now be Invoiced against the Rover Crew (Group).
