

ScoutLink Release Notes

Version 1.4.1.

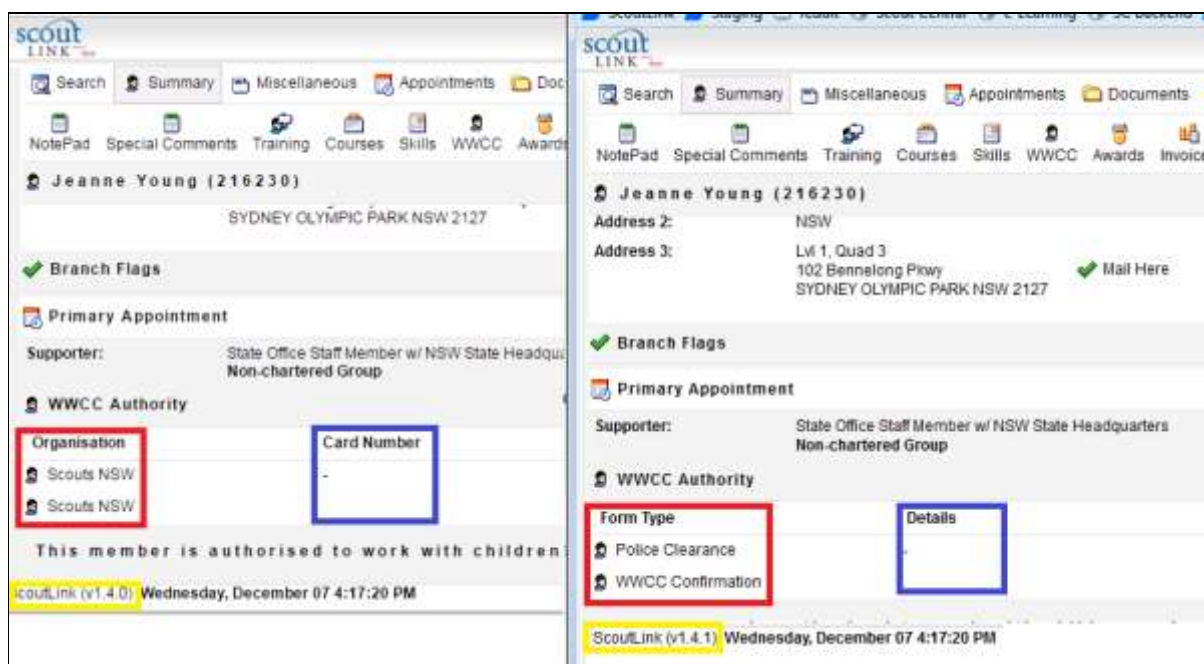

1. Changes Impacting All Current Users

Update of WWCC Authority in Member->Summary

The table displaying WWCC Authority located in the Member -> Summary tab has been updated with the following changes:

- The column “Organisation” has been replaced with “Form Type”, which indicates whether it is a WWCC number, Police Clearance, or a Reference Check.
- The column originally named “Card Number” is now named “Details”. This displays the WWCC number, Clearance List number, or other details as relevant to the “Form Type”.

The image below outlines the location of the changes. On the left is ScoutLink v1.4.0 (old), and the image on the right is version 1.4.1 (new).

2. Changes Impacting Some Users

Update of WWCC Tab in Member Record

For Users that have permission to view the contents of the WWCC tab, you will notice that the column name change from “Card Number” to “Details” outlined above is reflected in this tab.

Users with permission to edit the content of this tab will see the same change in the popup window.

As always, please direct feedback and / or suggestions for future enhancements to scoutlink@nsw.scouts.com.au.
